IMPORTANT NOTICE REQUIRED BY LAW REPLACEMENT OF LIFE INSURANCE OR ANNUITIES

This document must be signed by the applicant and the insurance producer, if there is one, and a copy left with the applicant.

You are contemplating the purchase of a life insurance policy or annuity contract. In some cases this purchase may involve discontinuing or changing an existing policy or contract. If so, a replacement is occurring. Financed purchases are also considered replacements.

A replacement occurs when a new policy or contract is purchased and, in connection with the sale, you discontinue making premium payments on the existing policy or contract, or an existing policy or contract is surrendered, forfeited, assigned to the replacing insurer, or otherwise terminated or used in a financed purchase.

A financed purchase occurs when the purchase of a new life insurance policy involves the use of funds obtained by the withdrawal or surrender of or by borrowing some or all of the policy values, including accumulated dividends, of an existing policy to pay all or part of any premium or payment due on the new policy. A financed purchase is a replacement.

You should carefully consider whether a replacement is in your best interests. You will pay acquisition costs and there may be surrender costs deducted from your policy or contract. You may be able to make changes to your existing policy or contract to meet your insurance needs at less cost. A financed purchase will reduce the value of your existing policy and may reduce the amount paid upon the death of the insured.

We want you to understand the effects of replacements before you make your purchase decision and ask that you answer the following questions and consider the questions on the back of this form.

- 1) Are you considering discontinuing making premium payments, surrendering, forfeiting, assigning to the insurer, or otherwise terminating your existing policy or contract? Yes No
- 2) Are you considering using funds from your existing certificate or contracts to pay premiums due on the new policy or contract? Yes No

If you answered "yes" to either of the above questions, list each existing certificate or contract you are contemplating replacing (include the name of the insurer, the insured or annuitant, and the policy or contract number if available) and whether each policy or contract will be replaced or used as a source of financing:

	Insurer Name	Contract or Policy #	Insured or Annuitant	Replaced (R) or Financing (F)
1)	_____	_____	_____	_____
2)	_____	_____	_____	_____
3)	_____	_____	_____	_____

Make sure you know the facts. Contact your existing insurer or its agent for information about the existing policy or contract. If you request one, an in force illustration, policy summary or available disclosure documents must be sent to you by the existing insurer. Ask for and retain all sales material used by the agent in the sales presentation. Be sure that you are making an informed decision.

*** Note important statement on page 3.**

The existing policy or contract is being replaced because: _____

I do not wish this notice to be read aloud to me: _____
(Applicants must initial only if they do not want the notice read aloud)

A replacement may not be in your best interest, or your decision could be a good one.

You should make a careful comparison of the costs and benefits of your existing policy or contract and the proposed policy or contract. One way to do this is to ask the insurer or agent that sold you your existing policy or contract to provide you with information concerning your existing policy or contract.

This may include an illustration of how your existing policy or contract is working now and how it would perform in the future based on certain assumptions. Illustrations should not, however, be used as a sole basis to compare policies or contracts. You should discuss the following with your agent to determine whether replacement or financing your purchase makes sense:

PREMIUMS

- 1) Are they affordable?
- 2) Could they change?
- 3) You're older, are premiums higher for the proposed new policy?
- 4) How long will you have to pay premiums on the new policy? ... on the existing policy?

POLICY VALUES

- 1) New policies usually take longer to build cash values and to pay dividends.
- 2) Acquisition costs for the existing policy may have been paid, you will incur costs for the new one.
- 3) What surrender charges do the policies have?
- 4) What expense and sales charges will you pay on the new policy?
- 5) Does the new policy provide more insurance coverage?

INSURABILITY

- 1) If your health has changed since you bought your existing policy, the new one could cost you more, or you could be turned down.
- 2) You may need a medical exam for a new policy.
- 3) Claims on most new policies for up to the first two years can be denied based on inaccurate statements.
- 4) Suicide limitations may begin anew on the new coverage.

IF YOU ARE KEEPING THE EXISTING POLICY AS WELL AS THE NEW POLICY

- 1) How are premiums for both policies being paid?
- 2) How will the premiums on your existing policy be affected?
- 3) Will a loan be deducted from death benefits?
- 4) What values from the existing policy are being used to pay premiums?

IF YOU ARE SURRENDERING AN ANNUITY OR INTEREST SENSITIVE LIFE PRODUCT

- 1) Will you pay surrender charges on your existing contract?
- 2) What are the interest rate guarantees for the new contract?
- 3) Have you compared the contract charges or other policy expenses?

OTHER ISSUES TO CONSIDER FOR ALL TRANSACTIONS

- 1) What are the tax consequences of buying the new policy? Is this a tax-free exchange? (See your tax advisor)
- 2) Is there a benefit from favorable "grandfathered" treatment of the existing policy under the federal tax code?
- 3) Will the existing insurer be willing to modify the existing policy?
- 4) How does the quality and financial stability of the new insurer compare with your existing insurer?

In connection with a replacement transaction the producer shall leave with the applicant at the time an application for a new policy or contract is completed the original or a copy of all sales material. With respect to electronically presented sales material, it shall be provided to the policy or contract owner in printed form no later than at the time of policy or contract delivery.

I certify that the responses herein are, to the best of my knowledge, accurate:

*** CAUTION:** If after studying the information made available to you, you decided to replace your existing life insurance or annuity with our policy or annuity contract, you are urged not to take action to terminate or alter your existing coverage or annuity (ies) until after you have been issued the new policy or annuity contract, examined it and found it to be acceptable to you. If you should terminate or otherwise materially alter your existing coverage or annuity (ies) and fail to qualify for the life insurance for which you have applied, you may find yourself unable to purchase other life insurance or be able to purchase it only at substantially higher rates.

DEFINITIONS

PREMIUMS. Premiums are the payments you make in exchange for an insurance policy or annuity contract. They are unlike deposits in a savings or investment program, because if you drop the policy or contract, you might get back less than you paid in.

CASH SURRENDER VALUE. This is the amount of money you can get in cash if you surrender your life insurance policy or annuity. If there is a policy loan, the cash surrender value is the difference between the cash value printed in the policy and the loan value. Not all policies have cash surrender values.

LAPSE. A life insurance policy may lapse when you do not pay the premiums within the grace period. If you had a cash surrender value, the insurer might change your policy to as much extended term insurance or paid-up insurance as the cash surrender value will buy. Sometimes the policy lets the insurer borrow from the cash surrender value to pay the premiums.

SURRENDER. You surrender a life insurance policy when you either let it lapse or tell the company you want to drop it. Whenever a policy has a cash surrender value, you can get it in cash if you return the policy to the company with a written request. Most insurers will also let you exchange the cash value of the policy for paid-up or extended term insurance.

CONVERT TO PAID-UP INSURANCE. This means you use your cash surrender value to change your insurance to a paid-up policy with the same insurer. The death benefit generally will be lower than under the old policy, but you will not have to pay any more premiums.

PLACE ON EXTENDED TERM. This means you use your cash surrender value to change your insurance to term insurance with the same insurer. In this case, the net death benefit will be the same as before. However, you will only be covered for a specified period of time stated in the policy.

BORROW POLICY LOAN VALUES. If your life insurance policy has a cash surrender value, you can almost always borrow all or part of it from the insurer. Interest will be charged according to the terms of the policy, and if the loan with unpaid interest ever exceeds the cash surrender value, your policy will be surrendered. If you die, the amount of the loan and any unpaid interest due will be subtracted from the death benefits.

EVIDENCE OF INSURABILITY. This means proof that you are an acceptable risk. You have to meet the insurer's standards regarding age, health, occupation, etc., to be eligible for coverage.

INCONTESTABLE CLAUSE. This says that after two years, depending on the policy or insurer, the life insurer will not resist a claim because you made a false or incomplete statement when you applied for the policy. For the early years, though, if there are wrong answers on the application and the insurer finds out about them, the insurer can deny a claim as if the policy had never existed.

SUICIDE CLAUSE. This says that if you commit suicide after being insured for less than two years, depending on the policy and insurer, your beneficiaries will receive only a refund of the premiums that were paid.
